4	First-Aid Measures			
Skin Contact: Skin discoloration may occur, wash off with soap and water.				
Ingestion – not known, but if ingested – seek medical attention. Manufactured materials listed as non-toxic.		tention.		
	Eye contact: Remove contact lenses. Begin flushing them immediately with cool water and continue			
	do so for approximately 15 minutes. Seek immediate medical attention.			
5	Fire-Fighting Measures			
	Flash Point: 300°F and above			
	Extinguishing Media: \	Nater, water fog, foam, CO2, dry chemicals		
	Special Fire Fighting Procedures: No special procedures			
	Fire & Explosion Haza	rd: No unusual hazards.		
6	Accidental Release Measures			
•				
Clean up excess material & place in container for disposal, treat as office waste.			al, lieal as onice waste.	
7	Handling and Storage			
	Store in cool dry areas avoid sparks, flame and excessive heat			
8	Expedure Controlo/Personal Protection			
0	Exposure Controls/Personal Protection			
			emission to reduce exposure to vapors during	
	processing. No persor	nal protective equipment required	for normal use.	

SDS (Safety Data Sheet) 1.1 Bausch Articulating Papers 200 µ

9 Physical and Chemical Properties

Paper, no distinct odor

10 Stability and Reactivity

- Chemical Stability: Stable
- Hazardous Polymerization: Will not occur
- Reacts with: None Known

11 Toxicological Information

No data available

12 EcologicalData

No data available

13 Disposal Consederations

Dispose of all waste material in accordance with all applicable federal, state and local regulations

14 Transport Information

DOT Information: No regulated

15 Regulatory Information

- International: Canada: All components are either listed on or exempt from Canadian (DSL).
- Federal (USA): All components are either listed on or exempt from TSCA.

•

Sec. 872.6140 Articulation paper.

(a) *Identification.* Articulation paper is a device composed of paper coated with an ink dye intended to be placed between the patient's upper and lower teeth when the teeth are in the bite position to locate uneven or high areas.

(b) *Classification*. Class I (general controls). The device is exempt from the premarket notification procedures in subpart E of part 807 of this chapter subject to the limitations in 872.9. If the device is not labeled or otherwise represented as sterile, it is exempt from the current good manufacturing practice requirements of the quality system regulation in part 820 of this chapter, with the exception of 820.180, with respect to general requirements concerning records, and 820.198, with respect to complaint files.
